TABLE OF CONTENTS

Introduction	v
Location of references	vii
References listed by author	1
References listed by subject	77
Annual reports, quarterly reports, other reports and contributions	77
Aquaculture	80
Beche-de-mer and other echinoderms	84
Bibliographies	85
Boats, boat-building and canoes	86
Charts, topography, maps and navigation	89
Crown-of-thorns starfish	90
Crustacea (crab, lobster, prawn)	92
Environment and conservation	93
Exclusive economic zone (EEZ) and surveillance	95
Fish aggregation devices (FADS) and fishing gear	97
Fish poisoning and ciguatera	98
Fishery laws and legal aspects	100
Foreign aid to marine resources	102
Giant clam	105
Marine resource development	106
Marine resources, general description	118
Marine resource institutions	124
Meteorology and climate	125
Nutrition	125
Oceanography	126
Oysters and other molluscs	127
Ports and docks	129
Post harvest	131
Reefs	134
Resource management	136
Seaweed	138
Sponges	141
Statistics	142
Taxonomy	144
Traditional fishing and marine tenures	145
Training and education	149
Trochus	150
Tuna and tuna baitfish	154
Turtles	162
Miscellaneous	164

INTRODUCTION

In March 1991 the Government of the Federated States of Micronesia requested assistance in compiling a bibliography of material relating to fisheries and marine resources of the Federated States of Micronesia. After discussions between the staff of the Division of Marine Resources and the Fisheries Programme of the South Pacific Commission, it was decided that a search for appropriate documents would take place in Pohnpei, Yap, Guam, Tokyo, Honolulu and Suva during September, October and November 1991.

Sixty offices and collections were examined for both published and unpublished material appropriate for the bibliography. Outside the Federated States of Micronesia, special effort was made to search the Tokyo University of Fisheries Library, the University of Guam Micronesian Area Research Center Pacific Collection, the University of Hawaii Hamilton Library, the personal collections of Dr Lu Eldredge, Executive Secretary, Pacific Science Association (Honolulu), and the FAO/UNDP Regional Fishery Support Programme. Seven bibliographic computer researches were carried out.

The documents included in this bibliography are arranged by author and by subject. The information was entered into a Pro-Cite library database. It is strongly recommended that personnel of the Division of Marine Resources of the Federated States of Micronesia update this document periodically.

The author thanks Ms Heather Jackson for her assistance throughout this project, and Mrs Caroline Nalo, Publications Officer, for her editorial advice. The author also acknowledges the support of Mr Moses Nelson of the Division of Marine Resources and Mr John Iou and Dr Andrew Smith of the Yap State Marine Resources Management Division. In addition, the assistance of Mr Raymond Clarke, National Marine Fisheries Service (Honolulu); Dr Hiro Kurashina, Micronesian Area Research Center, University of Guam; and Mr Robert Gillett, FAO/UNDP Regional Fishery Support Programme (Suva) was much appreciated.

LOCATION OF REFERENCES

At the end of each bibliographic entry in this document, an acronym is given indicating where the material was found. These acronyms are detailed below.

ALELE	Alele Library and Museum, Majuro, Marshall Islands
AS	Personal collection of Dr A. Smith, ACT, Australia
BISHOP	Bernice P. Bishop Museum, Honolulu, Hawaii
CCM	Community College of Micronesia Library, Kolonia, Pohnpei, Federated States of Micronesia
CMCD	Chuuk Maritime and Conservation Division, Weno, Chuuk State, Federated States of Micronesia
COM	College of Micronesia (College of the Marshall Islands), Majuro, Marshall Islands
DHR	Department of Human Resources, Government of the Federated States of Micronesia, Palikir, Pohnpei, Federated States of Micronesia
DMR	Department of Marine Resources, Government of the Federated States of Micronesia, Palikir, Pohnpei, Federated States of Micronesia
DPB	Yap State Office of Planning and Budget, Colonia, Yap, Federated States of Micronesia
DPS	Department of Planning and Statistics, Weno, Chuuk State, Federated States of Micronesia
EWC	East-West Center Library, Honolulu, Hawaii
FA	Ministry of Foreign Affairs, Government of the Marshall Islands, Majuro, Marshall Islands
FAOHQ	Food and Agriculture Organization of the United Nations Headquarters Library, Rome, Italy
FAOSP	FAO/UNDP Regional Fishery Support Programme and FAO South Pacific Aquaculture Development Project, Suva, Fiji
FFA	Forum Fisheries Agency, Honiara, Solomon Islands
GDC	Department of Commerce, Government of Guam, Tamuning, Guam
HIMB	Hawaii Institute of Marine Biology, University of Hawaii, Kaneohe, Hawaii
IADP	UNDP Integrated Atoll Development Project, Suva, Fiji
JAMARC	Japan Marine Fishery Resource Research Center, Tokyo, Japan

JICA	Japan International Cooperation Agency Library, Tokyo, Japan
LE	Personal collection of Dr L. Eldredge, c/o Pacific Science Association, Honolulu, Hawaii
MARC	Micronesian Area Research Center, University of Guam, Mangilao, Guam
MEPA	Environmental Protection Authority, Majuro, Marshall Islands
MIDA	Marshall Islands Development Authority, Majuro, Marshall Islands
MIMRA	Marshall Islands Marine Resources Authority, Majuro, Marshall Islands
MMA	Micronesian Maritime Authority, Palikir, Pohnpei, Federated States of Micronesia
MMFA	Micronesian Maritime and Fisheries Academy, Colonia, Yap, Federated States of Micronesia
MOPS	Office of Planning and Statistics, Government of the Marshall Islands, Majuro, Marshall Islands
NDL	National Diet Library of Japan, Tokyo, Japan
NFC	National Fisheries Corporation, Kolonia, Pohnpei, Federated States of Micronesia
NMFS	National Marine Fisheries Service, Honolulu, Hawaii
OFCF	Overseas Fishery Cooperation Foundation, Tokyo, Japan
OPS	Office of Planning and Statistics, Government of the Federated States of Micronesia, Palikir, Pohnpei, Federated States of Micronesia
PII	Pacific International Inc., Majuro, Marshall Islands
PMRD	Pohnpei State Marine Resources Division, Kolonia, Pohnpei, Federated States of Micronesia
PPL	Pohnpei Public Library, Kolonia, Pohnpei, Federated States of Micronesia
RD	Yap State Department of Resources and Development, Colonia, Yap, Federated States of Micronesia
SEAGRANT	University of Hawaii Sea Grant Program, Honolulu, Hawaii
SPC	South Pacific Commission Library, Noumea, New Caledonia
SPCTUNA	South Pacific Commission Tuna and Billfish Assessment Programme Library, Noumea, New Caledonia
TUF	Tokyo University of Fisheries Library, Tokyo, Japan
UCB	University of California (Berkeley) Library, California, USA

UCD	University of California (Davis) Library, California, USA
UCSC	University of California (Santa Cruz) Library, California, USA
UCSD	University of California (San Diego) Library, La Jolla, California, U.S.A.
UH	University of Hawaii Library, Honolulu, Hawaii
UNDP	United Nations Development Programme, Suva, Fiji
UOG	University of Guam Marine Laboratory, Mangilao, Guam
USACE	U.S. Army Corps of Engineers, Honolulu, Hawaii
USP	University of the South Pacific Library, Suva, Fiji
UTK	University of Tokyo Library, Tokyo, Japan
WS	Weather Service Office, Majuro, Marshall Islands
YEPA	Environmental Protection Agency, Colonia, Yap, Federated States of Micronesia
YFA	Yap Fishing Authority, Colonia, Yap, Federated States of Micronesia
YINS	Yap Institute of Natural Science, Colonia, Yap, Federated States of Micronesia
YMRMD	Yap State Marine Resources Management Division, Colonia, Yap, Federated States of Micronesia
YPC	U.S. Peace Corps Office, Colonia, Yap, Federated States of Micronesia

the \mathcal{H}^1 -norm, and \mathcal{H}^1 -convergence of \mathcal{H}^1 -functions is equivalent to L^2 -convergence. The \mathcal{H}^1 -norm is defined by

$$\|u\|_{\mathcal{H}^1} = \left(\int_{\mathbb{R}^d} |\nabla u|^2 dx \right)^{1/2}, \quad u \in \mathcal{H}^1(\mathbb{R}^d),$$

where ∇u is the gradient of u . The \mathcal{H}^1 -norm is a seminorm, since it vanishes for constant functions. The \mathcal{H}^1 -norm is a norm on the space of functions with zero mean value, denoted by $\mathcal{H}^1_0(\mathbb{R}^d)$.

The \mathcal{H}^1 -norm is a norm on the space of functions with zero mean value, denoted by $\mathcal{H}^1_0(\mathbb{R}^d)$. The \mathcal{H}^1 -norm is a norm on the space of functions with zero mean value, denoted by $\mathcal{H}^1_0(\mathbb{R}^d)$.

\square

The \mathcal{H}^1 -norm is a norm on the space of functions with zero mean value, denoted by $\mathcal{H}^1_0(\mathbb{R}^d)$. The \mathcal{H}^1 -norm is a norm on the space of functions with zero mean value, denoted by $\mathcal{H}^1_0(\mathbb{R}^d)$.

the fact that the \mathcal{H}^1 -norm of the difference between the two functions is bounded by the \mathcal{H}^1 -norm of the difference between the two functions.

It is easy to see that the \mathcal{H}^1 -norm of the difference between the two functions is bounded by the \mathcal{H}^1 -norm of the difference between the two functions.

It is easy to see that the \mathcal{H}^1 -norm of the difference between the two functions is bounded by the \mathcal{H}^1 -norm of the difference between the two functions.

It is easy to see that the \mathcal{H}^1 -norm of the difference between the two functions is bounded by the \mathcal{H}^1 -norm of the difference between the two functions.
