Field Document 91/8

FAO/UNDP Regional Fishery Support Programme
Suva, Fiji
RAS/89/039

Introduction

In the period 1987 to 1989 the FAO/UNDP Regional Fishery Support Programme completed fisheries bibliographies for the Solomon Islands, Western Samoa, Vanuatu, Tonga, Palau, Tokelau, Tuvalu and the Cook Islands. In mid-1991 a request was received from Kiribati for assistance in compiling a similar list of references.

For this project a total of 19 offices and collections in Kiribati, Fiji, New Caledonia, the Solomon Islands and Hawaii were examined for both published and unpublished material appropriate for the bibliography. In addition, 11 expatriate workers who had previously worked in a fisheries related field in Kiribati were contacted. Five bibliographic computer researches were carried out and requests for relevant materials were sent to four major university libraries.

The above work resulted in a list of 704 references which are arranged in this document by author and by subject. As the objective of this project was to produce a document as useful as possible to fisheries workers in Kiribati, a "user-friendly" bibliographic style was adopted. The information was entered into a Microsoft Word computer file and a total of 250 copies of the bibliography have been printed.

It is strongly recommended that personnel of the Kiribati Ministry of Environment and Natural Resource Development update this document periodically.

Valuable assistance for this project was received from Naomi Taburuea, the South Pacific Commission, and the staff of the Library of the University of the South Pacific.

Location of References

At the end of most bibliographic entries in this document an acronym is given indicating here the material was found. These abbreviations correspond to the following locations:

Locations in Kiribati	Abbreviation
Kiribati Fisheries Division	Kiribati
Ministry of Environment and Natural Resource Development	Kiribati
Kiribati National Library	Kir Nat Lib
Locations outside Kiribati	
British Development Division in the Pacific, Suva	BDDP Lib
South Pacific Applied Geoscience Commission, Suva	SOPAC
Food and Agriculture Organization of the United Nations, Rome	FAO/Rome
FAO/UNDP Regional Fishery Support Programme, Suva	FAO/SP
FAO South Pacific Aquaculture Development Project, Suva	SPADP
